# **PURPOSE**

To identify a process for support staff employees for the reporting and resolution of grievances, to establish responsibility and authority of UIC personnel in the reporting, investigation and resolution of grievances, and to ensure compliance with University rules, relevant collective bargaining agreements and the Illinois Educational Labor Relation Act.

# SOURCES AND BACKGROUND

State Universities Civil Service System Statute and Rules University of Illinois Policy and Rules for Civil Service Staff Illinois Educational Labor Relations Act Collective Bargaining Agreements

## **APPLICABILITY**

UIC support staff employees and supervisors

## **POLICY**

The University extends to all support staff employees the right to a fair hearing on grievances arising in the course of employment. For employees not represented by collective bargaining agreements, a grievance is defined as an alleged violation of a specific section(s) of the Civil Service Policy and Rules.

Employees and supervisors have an obligation to make every effort to resolve employment relations problems as they occur. In any case where this effort fails, the employee may initiate the grievance process. No grievance will be considered formally, unless submitted in writing consistent with Rule 17.02, University of Illinois Civil Service Policy and Rules.

Employees who are represented by collective bargaining agreements do not follow the grievance procedures identified below since such agreements contain specific provisions for grievances which may differ.

Employees who believe that they have a complaint based on discrimination may follow this grievance procedure or, alternatively, may contact the Office of Access and Equity.
