<b>This list is NOT all-inclusive and customs may use a variation of the dates listed. If a holiday is not listed, that does not mean the holiday is not observed.</b>				
Shabbat (Judaism) is observed every Friday from sunset until Saturday sunset.				
* These holidays have been designated non-work days by the religions that celebrate them.				
# Some of these dates are not fixed to a calendar but are based on the actual sighting of the moon and/or astronomical calculations, therefore there may be some variance by a day.
